NUNCA UNA NOCHE VENCÍO A UN AMANECER  
 THERE WAS NEVER A NIGHT THAT COULD DEFEAT SUNRISE / JAMAIS UNE NUIT N'A PU VAINCRE L'AURORE

**En la mitología griega, Eos (en griego antiguo Eos, 'aurora')** era la diosa titánide de la aurora, que salía de su hogar al borde del océano que rodeaba el mundo para anunciar a su hermano Helios, el Sol. Hija de Titanes, Tea e Hiperión.

**Colección Eos.**  
 Tonos claros y oscuros, materiales cálidos como la madera, combinados con materiales fríos, para representar la oscura y fría noche y la claridad y calidez del día.

**In the Greek mythology, Eos (in the ancient Greek, Eos meaning was "dawn")** was the titaness goddess of the dawn, who left home at the edge of the ocean surrounding the world and she opened the gates of heaven for her brother Helios, the Sun, to rise. She is daughter of Titans: Theia & Hyperion.

**Eos collection.**  
 Light and dark tones, warm materials like wood, joined to some cold ones, to represent a dark cold night and likewise the warmth and lightness of the day.

**Dans la mythologie grecque, Eos (en grec ancien Eos, 'aurore'),** était la déesse de l'aurore Titanide qui sortait de son foyer vers le bord de l'océan qui entourait le monde, pour annoncer à son frère Helios, le soleil. Fille de Titans Hypérior et Théia.

**Collection Eos.**  
 Matières chaudes claires et sombres tels que le bois, combinées avec des matériaux froids, pour représenter la nuit sombre et froide, la clarté et la chaleur de la journée.

EOS  
concept

 collection by  
glicerio chaves hornero

## Un solo instante, eso es lo que representa la rosada Eos.

### El instante que enlaza la oscuridad y la luz.

La personificación de la Aurora, EOS, se presenta como el nexo de unión entre sus dos hermanos, el Sol, Helios y la Luna, Selene.

Su propia condición de fenómeno celeste transitorio y fugaz determina su propia vida.

EOS, como anunciadora de la mañana, se convierte en la intermediaria entre estos dos hermanos que jamás coinciden, que jamás se encuentran.

***A single time, that is  
what the rose coloured  
Eos is portraying***

***It's a moment in which  
darkness and light are linked.***

*The personification of the dawn, EOS, is represented as the link between her two siblings, the Sun, Helios and the Moon, Selene.*

*Its own transient and fleeting celestial phenomenon condition determines its own life.*

*EOS, rising every morning, becomes an intermediary between these two siblings that they never coincide, and they never meet.*

***Un moment unique,  
qui est ce que  
représente Eos.***

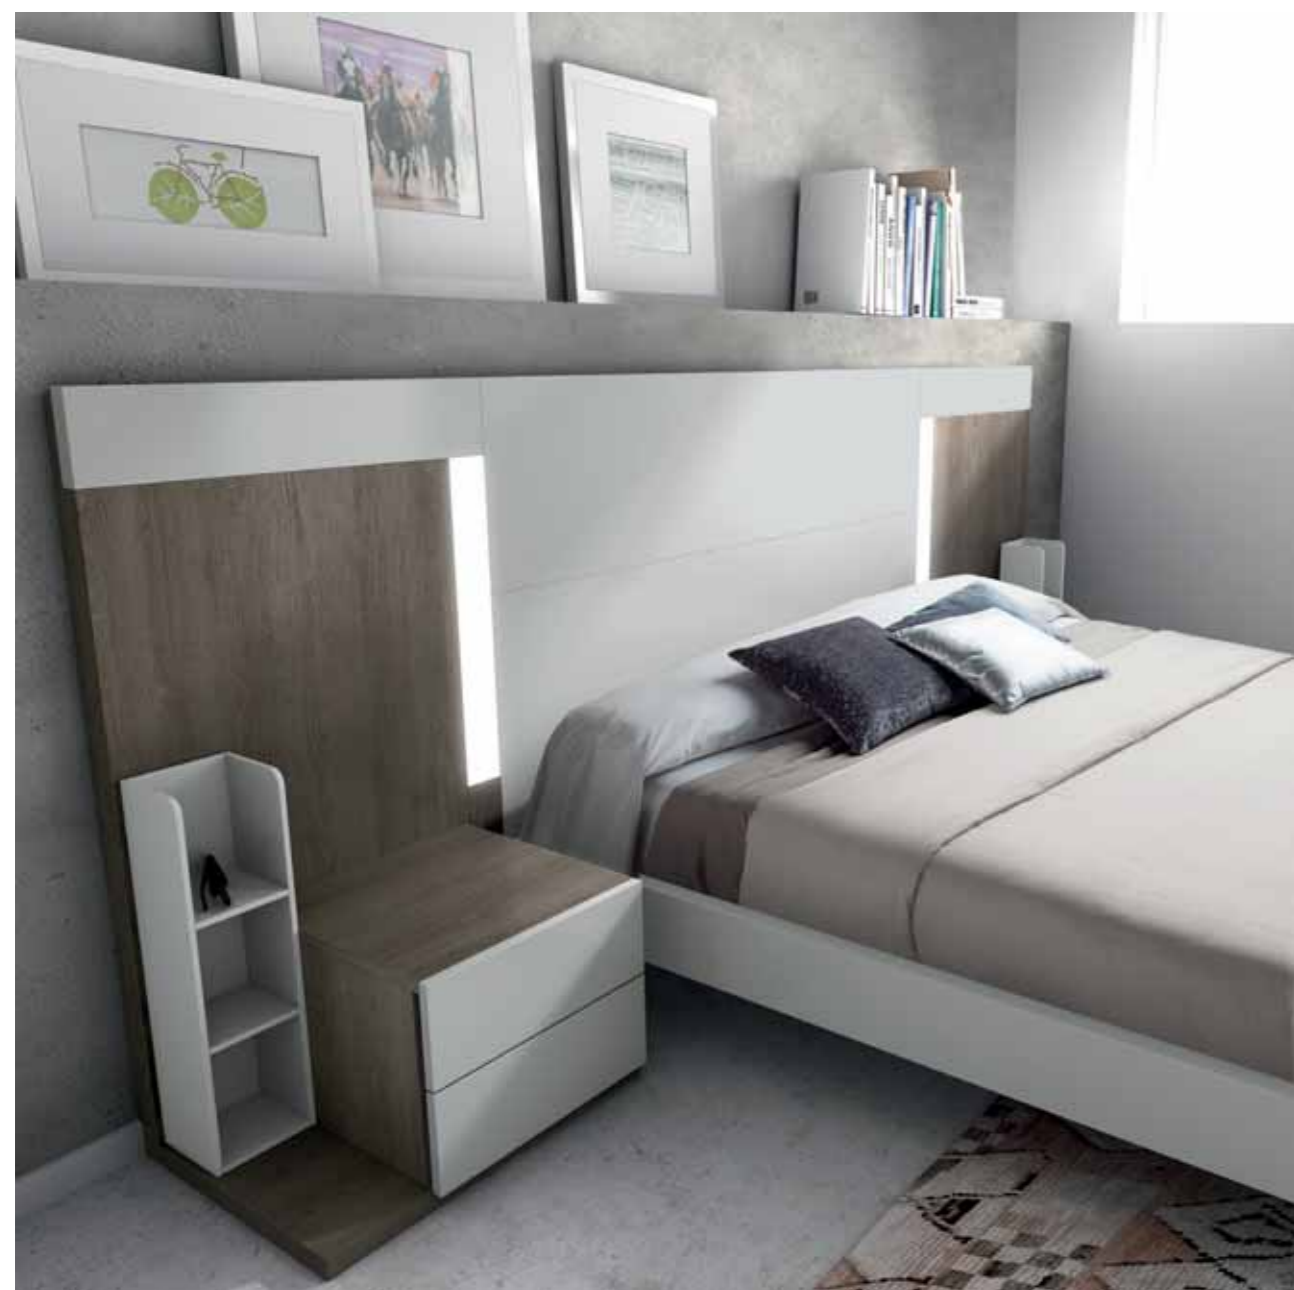

***Le moment qui relie  
l'obscurité et la lumière.***

*La personification de l'aube, EOS, est présentée comme le lien entre ses deux frères, le soleil, Hélios et la lune, Sélène.*

*Sa propre condition de phénomène céleste transitoire et éphémère détermine sa propre vie.*

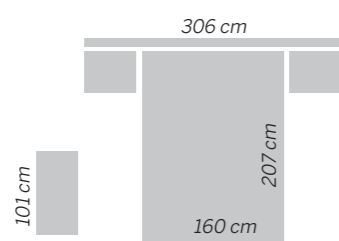

*EOS, comme héraut du matin devient l'intermédiaire entre ces deux frères qui ne coincident jamais, qui ne se rencontrent jamais.*

The logo for 'EOS concept' features the letters 'EOS' in a stylized, white, sans-serif font. The letter 'O' is a solid circle with the word 'concept' written in a smaller, lowercase font inside it. To the right of the letters is a decorative graphic consisting of a grid of small white dots connected by thin white lines, forming a diamond or square pattern.
